PROFESSIONAL SUMMARY

Junior Security Engineer with hands-on experience in network security, IDS/IPS, SIEM, firewall administration, vulnerability assessment, and security monitoring. Skilled in Suricata, Snort, Wazuh, ELK Stack, pfSense, OPNsense, Wireshark, Nmap, Linux, Python, and Bash. Experienced in security testing, threat detection, incident investigation, network traffic analysis, and security hardening, with a strong focus on securing network infrastructure and supporting day-to-day security operations.

TECHNICAL SKILLS

Security: SIEM, Security Monitoring, Alert Triage, Log Analysis, Incident Investigation, Incident Response, Threat Detection, VAPT, Vulnerability Assessment, Security Hardening, Threat Hunting, IOC/TTP Analysis, OWASP Top 10, CVE/CVSS

Tools: Wazuh, ELK Stack, Suricata, Snort, Filebeat, Wireshark, Nmap, Burp Suite, OWASP ZAP, SQLMap, DVWA, pfSense, OPNsense, Git, GitHub

Networking & Systems: TCP/IP, DNS, HTTP/HTTPS, VPN, Firewalls, VLAN, Routing, OSPF, ACL, DHCP, NAT, Cisco IOS, Linux, Ubuntu, Windows, Network Troubleshooting

Cloud & Scripting: AWS EC2, AWS IAM, Python, Bash | NIST CSF, CIS Controls

EXPERIENCE

- **Junior Security Engineer | FCOOS Technologies Pvt. Ltd. | Bengaluru, India**
September 2026 – Present | Full-time
- **Cybersecurity Intern | FCOOS Technologies Pvt. Ltd. | Bengaluru | Mar 2026 – Aug 2026**
 - Configured and managed Suricata and Snort IDS/IPS across pfSense, OPNsense, and Linux; developed and tuned custom detection rules for malware, SQL injection, SSH brute-force, P2P/TOR, ARP spoofing, and other suspicious activity.
 - Implemented IPS controls, firewall policies, country-based IP blocking, and network access controls; integrated Wazuh, Suricata, and ELK Stack for centralized monitoring and alert correlation, while performing traffic analysis and incident investigation using Wireshark and Linux.

PROJECTS

Suricata IDS/IPS & SIEM Integration: Developed and tested 15+ custom IDS/IPS rules; integrated Wazuh, Suricata and ELK Stack for centralized monitoring and log correlation.

Network Security & Cisco Lab: Designed LAN/WAN topologies and configured VLANs, inter-VLAN routing, OSPF, static routing, ACLs, DHCP and NAT; performed traffic analysis and troubleshooting.

EDUCATION

MSc Cyber Security | AMITY University, Bengaluru | 2024–2026

BCA | KLE Society's Degree College, Nagarbhavi | 2020–2023

CERTIFICATIONS

CompTIA Security+ (SY0-701), 2026
